ALARM LOCK

Lock Up New Wireless Access Control Business With Alarm Lock

Use the Trilogy Lock platform you know to win new profitable access control business with Networx™

- **Wireless Trilogy Networx** Networked PIN/Prox Reader Locks install in under an hour, for easy cost-effective access control – wirelessly with built in power & HID card reader.

- **No Door-to-Door Manpower** – Server-based centralized programming, updates & audit trail queries

- **Easiest Networking!** Maximum wireless range with new Gen. 2 Gateway (Model AL-IME2) supports up to 63 locks on one unit for low equipment cost. (Also available new Networx Extenders, 802.11, POE & plug-in AC options.)

- **Accounts Act Globally – Lockdown/Unlock** entire lock network from any one lock, keyfobs or server in seconds

- **Scalable System Network** – grows door by door

- **Retrofit or New** – Common Networx models for every door/opening, *based on proven Alarm Lock Trilogy electronics - #1 Access Control Locks in their class*

- **Choice of Lock Styles** – Classic Trilogy Networx (P/DL6100 Series) or ArchiTech™ customizable trim models - *All with unsurpassed multiple years of battery life*

- **User Groups Large and Small** – A few to hundreds or thousands of users get PIN code, Prox ID (HID, Smart Card, Mag Stripe) or iLock® Smartphone App access. Enroll new ID Cards in batches through software or Tap-n-Enroll ID's on face of lock

- **Keyless Simplicity;** Key override security

- **Choice of Software including real-time processing** - Free Alarm Lock DL-WINDOWS Software or from Real-Time Enterprise Integration Platforms: Alarm Lock is a Lenel Open Access Alliance Partner® and locks support Lenel OnGuard® as well as Continental Access® CA3000 or CA4K™

- **Pro Trainings always available online or in the field** - See schedule or register at www.alarmlock.com/seminars
