

Introducing a new product to the market that compliments our current IC Cap products.

LAB Capping Strip for A1[®] Cap-5 Press IC

- Each LAB Capping Strip is designed to work with the A1 Cap-5[®] Press.
- The brass strip is designed for small format interchangeable cores with 0.150 inch spacing.
- Each strip will cap 4 six or seven pin cores and reduces your cost compared to traditional capping methods by reducing your time and effort.
- These are stock items and available to ship upon request.
- **P/N LBCSP50** this is a "LAB Capping Strip SFIC 50 Pieces
- **P/N LBCSP250** this is a "LAB Capping Strip SFIC 250 Pieces
